

Loan Repayment Mobile Service

Improve loan repayment rates with a mobile-first solution

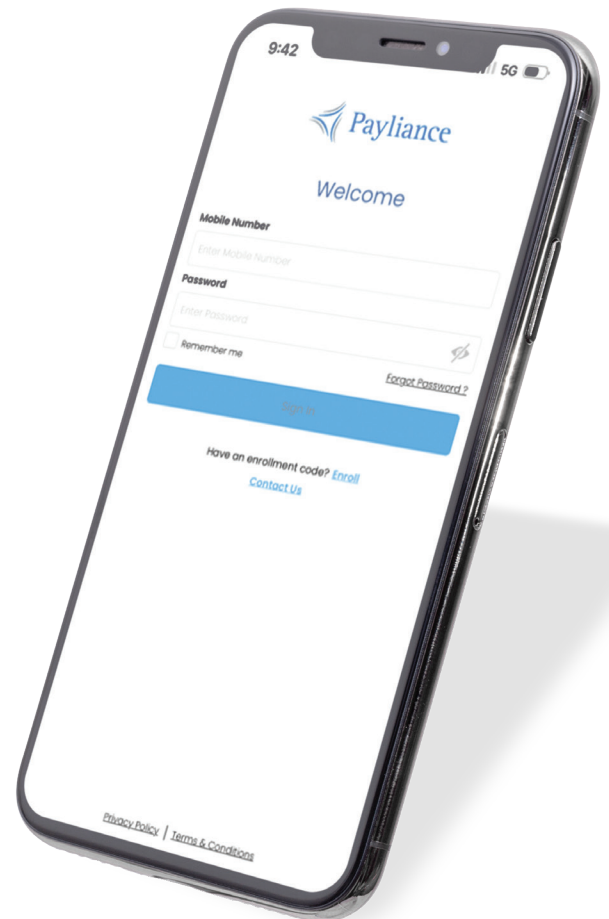

Make it easier for your customers to manage and repay their loans.

In today's fast-paced digital economy, a streamlined, mobile-optimized payments solution is paramount for facilitating hassle-free loan repayments for your customers. Payliance's Loan Repayment Mobile Service provides an out-of-the-box, white-label platform that eliminates the time and financial investments associated with developing and managing a proprietary service. Seamlessly integrated with Payliance ACH and Card processing, managing loan repayments are now easier for you and your customers.

Key Benefits and Features

- **Boost Repayment Rates:** Discover a potential 30% increase in early repayments through our Mobile Service as revealed by a recent survey.
- **Engage Customers:** Leverage push notifications to guide consumers towards efficient loan management and repayment.
- **Security and Compliance:** Ensure customers benefit from secure sign-in options and adherence to financial industry compliance standards.
- **Cost Savings:** Save over \$400K in potential development costs while promoting positive customer engagement and brand loyalty.
- **Ongoing Support:** Maintain continuous, comprehensive support and upkeep for the product's lifetime, consistently updating it with the latest technological advancements and security protocols.
- **Customer-Centric Benefits:**
 - **Real-Time Payment Access:** Give customers the ability to view payment history and details instantly.
 - **Detailed Payment Insights:** Offer concise information on payment dates, amounts, auto-payment setups, and payoff details.

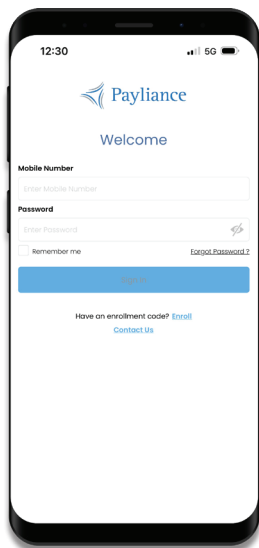

- **Flexible Payment Options:** Facilitate one-time payment date extensions, enhancing the customer's control over their financial obligations.
- **Convenient Setup:** Simplify account setup for ACH and Card payments, adding convenience to your customers' experience.

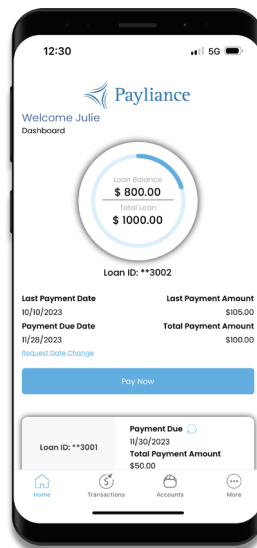

Integration and Accessibility

- **Universal Access:** The Mobile App, for both iOS and Android devices, is available for download via the App Store and Google Play Store. The Mobile Web can be accessed from any browser on a mobile device.
- **API Integration:** Integrate through REST APIs for streamlined enrollment and ongoing maintenance of customer loan information.

About Payliance

Payliance, founded in 2007, simplifies lending and borrowing by optimizing payment acceptance, reducing processing costs, and mitigating fraud risk. Serving 350+ lenders and 40,000+ merchant locations, they process 162 million transactions annually worth \$61 billion. Their Payments-as-a-Service platform boosts payments performance by increasing approvals, streamlining transaction processing, and reducing charge-offs.
